Hard to Find Fasteners Our Specialty

U-SERT® TOOLS

O.E.M. Hardware Inc. presents a rugged high speed installation tool for our U-sert® line. This tool is lightweight and completely portable. This particular tool has been used in the market place for many years and has received universal acclaim for it's durable construction and reliable performance.

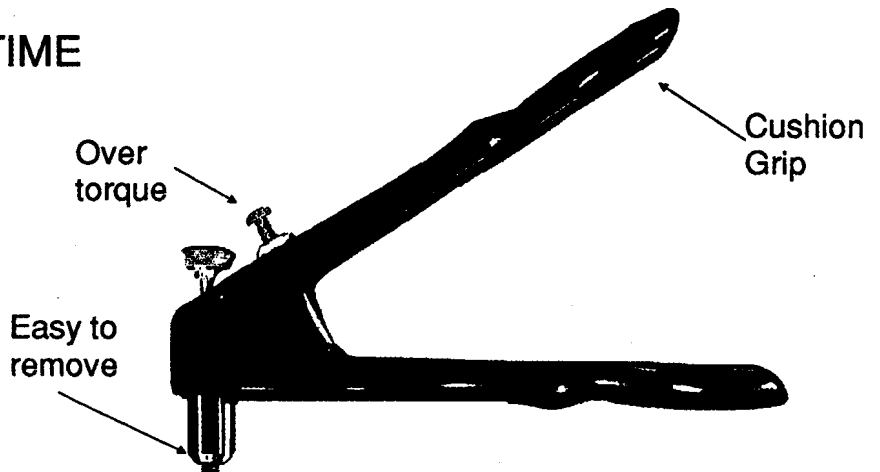

Part No.	Standard U-sert Capacity	Height	Length	Weight	RPMs	Air Pressure Requirements
795-200	1/4-XX	5.75" 146mm	12.75" 324mm	3lb. 14oz 1.77 kg	1000	70-100 lb/in ² 4.92-7.04 kg/sm ²

TOOLS

THE FASTEST, MOST RELIABLE INSERT TOOL IN THE WORLD

MADE TO LAST A LIFETIME

- WORKS JUST LIKE A RIVET GUN
- REPLACEMENT PARTS AVAILABLE
- GUARANTEED BY O.E.M. HARDWARE
- LIFETIME WARRANTY*

Part No. 50404 (B)

Our products are warranted against defects in workmanship and material, during the normal life of the product. Replacement of any defective part, without charge will be made upon return to place of purchase, freight prepaid. This warranty will be denied if inspection shows that the tool has been damaged, abused, altered, or used for the purposes other than that for which it was intended.

RIVET TOOLS

PNEUMATIC PLACING TOOL MODEL 795-734

Model 734 is a lightweight hydraulic-pneumatic production riveting tool. It has been developed to permit rapid, uniform installation of all 1/8" and 3/16" rivets and eliminate the need for special operator training or skills. Model 795-734 has been used in the metal working industry for many years and enjoys universal acceptance because of its durable construction and reliable performance. Its versatility is increased by its capacity to place all conventional aluminum and steel breakstem rivets of 1/8" through 3/16" diameters. Model 795-734 requires minimum maintenance and operates from a standard air supply of 70-100 p.s.i.

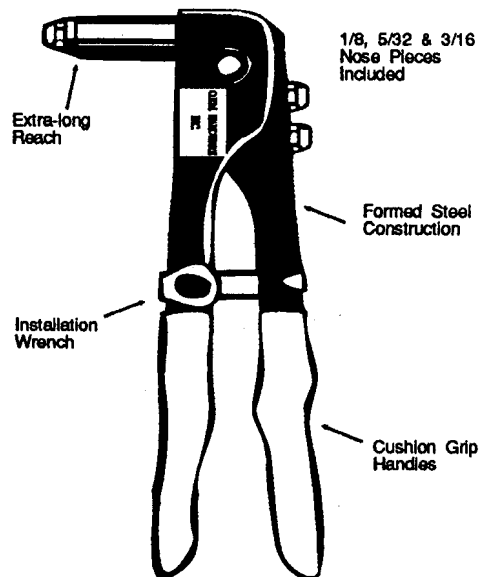

MODEL 795-734 SPECIFICATIONS

Weight	3.3 lbs	1.5kg
Height	12.4"	315mm

O.E.M. HARDWARE

"Hard to Find Fasteners Our Specialty"™

PNEUMATIC RIVET TOOLS

O.E.M Hardware's Genesis series of riveting tools are ergonomically designed and light weight. The weight of the tools makes them ideal for assembly line production. The light trigger action compiled with smooth response reduces operator fatigue and increases production. In addition , operator safety is enhanced with air shut-off devices.

G1 -Model# 71200-0039 is provided complete with 1/8" and 5/32" nose tips and vacuum extraction.

Weight 2.5 lbs. (1.13kg.)
Pull force 940 lbf. (4.2kN)
Stroke .560" (14mm)

G2 -Model# 71200-00039 is provided complete with 1/8" , 5/32" and 3/16" nose tips and vacuum extraction.

Weight 3.2 lbs. (1.45 kg.)
Pull force 1618 lbf. (7.2 kN)
Stroke .670" (17mm)

G3 -Model# 71220-00201 is provided with a universal three jaw set-up allowing for the placement of 1/8" through 1/4" Heavy Duty Rivets.

Weight 3.6 lbs. (1.63 kg.)
Pull force 2518 lbf. (11.2 kN)
Stroke .984" (25mm)
